*Please consider reusing materials already available.* Most of the items on this list, including notebooks, binders and folders, are things that you might have previously acquired. I encourage you not to buy new supplies unless absolutely necessary. Notebooks are rarely filled from year to year. Just remove pages already used and make use of the remaining notebook pages. The Green Team encourages you to reuse pens, pencils, color pencils, erasers, rulers, scissors, calculators, and earbuds. These items have a long lifespan and hardly ever get used completely. Each student will manage their own supplies.
